# The **WISS**® Quality Story

The name Wiss has been synonymous with fine quality shears and scissors since 1848. This position of eminence is unparalleled in the industry and has been achieved by maintaining a standard of manufacturing excellence that has made Wiss a household word in this country and throughout the free world.

The manufacture of Wiss shears and scissors begins with the finest quality cutlery steel and a knowledge of metallurgy achieved from years of testing and analyzing these products at every stage of manufacture.

The combination of this with dedication and experience of skilled craftsmen, is responsible for the cutting edge superiority that has established Wiss shears and scissors as the standard of excellence in the industry.

At Wiss, we are constantly developing new products such as Quick-Clip® Speed Cutters, with its many uses, Knife-Edge Shears, our Serrated Blade Shears and the new Contura-lite™ Lightweight Shears . . . with its comfortable contoured handles.

At the same time we are developing new products, we are continuing to add improvements to the existing ones . . . the patented Wiss **SET-EASY**™ **PIVOT**\* enables the user to adjust the run of the shears to fit the individual's preference.

This is done to insure that all our customers are provided with cutting tools that will cut easier, quicker, better and help do a more professional job . . . every time.

Wiss products are guaranteed against defects in workmanship or material.

See other Wiss Product lines by requesting our attractive, illustrated **Garden Shears Catalog, Tinners' Snips Catalog, Boker Tree**  **Brand Knives Catalog and Gift Sets Catalog.** For industrial users, a special **Tools for Industry Catalog** is also available.

## Garden Shears

Grass Shears, Pruning Shears, Flower Shears, Hedge and Shrubbery Shears and Lopping Shears for home owners and professionals.

## Tinners' Snips

Tinners' Snips for professional metal workers, do-it-yourselfers and hobbyists.

## Boker Knives

Boker Tree Brand Pocket and Hunting Knives for consumers, sportsmen and professionals.

## Gift Sets

Sewing Sets, Ladies' Manicure Sets, Men's Grooming Kits, plus Special Gift items for every gift-giving occasion, Holidays, Birthdays, Business Gifts or special awards.

**WISS**®  ...the edge of excellence

# WISS<sup>®</sup> INLAID<sup>®</sup> TRIMMERS

These are the finest quality Wiss shears you can buy and are manufactured by a special Wiss process combining high-carbon steel blades with steel frames. This process results in shears that have a longer lasting cutting edge and that are superior to ordinary shears of one piece steel construction.

Wiss **INLAID** trimmers also feature rust-resistant nickel plating, perfect adjustment, and the patented Wiss **SET-EASY**™ **PIVOT**\* which enables the user to adjust the run of the shears to fit the individual's preference.

\*Pat. Nos. 3289296 & 3672053

# WISS® PINKING SHEARS

WISS Pinking Shears are famous for their exceptional ease and efficiency in cutting both light and heavy materials. A special Wiss hardening process provides a superior, longer-lasting cutting edge. The ball bearing pivot reduces friction and finger fatigue which makes cutting easier. Precision matched teeth provide a decorative ravel-resistant finish. Hot drop-forged of fine cutlery steel.

## LEFT HAND SHEARS

Hot Drop-Forged. Standard Teeth. Nickel Plated Blades. Black Handles. Individual Display Card and Gift Box.

Left Hand Blades — Left Hand Handles

Hot Drop-Forged. Extra Large Teeth. Nickel Plated Blades. Black Handles. Individual Display Card and Gift Box.

Hot Drop-Forged. Extra Large Teeth. Fully Nickel Plated. Individual Display Card and Gift Box.

All Pinking and Skalping Shears feature this special ball bearing pivot for easier cutting.

Hot Drop-Forged. Extra Large Teeth. Nickel Plated Blades. Black Handles. Individual Display Card and Gift Box.

Hot Drop-Forged. Professional-Industrial Model. Extra Large Teeth. Nickel Plated Blades. Black Handles. Individual Box.

# WISS® SKALPING SHEARS

Exclusive WISS Skalping Shears create a graceful scallop design, ravel-resistant edge. They perform all the functions of pinking shears and are specially hardened to provide a superior, longer-lasting cutting edge. Skalping Shears also feature the ball bearing pivot that reduces friction, makes cutting easier and reduces finger fatigue.

Hot Drop-Forged. Nickel Plated Blades. Navy Blue Handles. Individual Display Card and Gift Box.
