*how THESE shears
SAVE time and money*

Overcasting, or hand pinking, which used to take hours every time you made a dress, are entirely eliminated. Just snip with a pair of WISS Pinking Shears, and in a few minutes you have the smartest, ravel-proof finish possible.

You can actually save the cost of your pinking shears after a few weeks' use. Use them for making attractive, inexpensive doilies, shelf-covers (paper or oilcloth); for patching and for repairing. You'll save plenty on material, and you can give vent to your ingenuity in a hundred different ways.

Ask to see WISS Pinking Shears at your favorite Cutlery Counter. And write for Booklet C-10 showing complete line of WISS Shears and Scissors. J. Wiss & Sons Co., Newark, N. J. (Since 1848).
