# Garden Shears

**W**ISS Garden Cutters pack a terrific wallop when it comes to speed and power—but their action is "smooth as satin." ¶They have what it takes to do a better job, faster and easier, whether you're trimming those edges you can't reach with the lawn mower, clipping the hedge or pruning out dead wood. ¶These **SUPER** tools are made primarily for home owners—but they're so wonderfully efficient, hold their edge so long, professional gardeners know it pays to buy them. ¶WISS Shears and Scissors are *made better to cut better*—have been since 1848. They *must* be good to have satisfied the American public for 93 years! Sold by America's leading stores—but if your dealer doesn't carry them, sent postpaid on receipt of price. For **BOOKLETS** showing the complete WISS line, write Dept. G-41.
